Zmienia życie, otwiera umysły

GENERAL INFO

"Green is calling " is our common project – the youth from Poland and 2 other EU countries which consists of 3 phases:

- preparation,
- youth exchange, which will take place in Niedzica near Tatra Mountains (Tatra mountains district)
- dissemination of the results and summary of the project (max 1 month after meeting in Poland)

Place&Venue : Niedzica – Micherda guesthouse

Total number of participants and leaders: 13

Number of participants : 11

Participant's profile:

- interested in a topic of a project, actively taking part in all stages of the project.
- using English on communicative level

Leaders: 2 leaders per team , no age limit

Age of participants: 16-20 years old

COUNTRIES

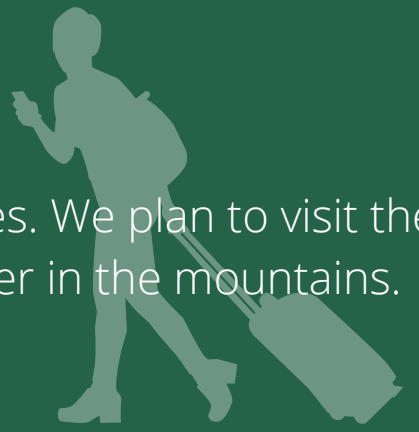

TOPIC:

- common work on building environmental awareness and sensitivity to climate change among the European society and young people from our partner groups.
- in addition, we will gain comprehensive theoretical knowledge in the field of sustainable development, the ability to create interesting local eco-projects.

RESULT

The results of the "Green is calling" youth exchange will be:

- youth proposals for ecological projects, or presentations and mind maps on ecology and good practices
- we will create a publication "Green is calling" to inspire to pro-ecological activities and active participation in the Erasmus + network.
- we will create an innovative educational game called "Green is calling"
- we will create viral videos encouraging pro-ecological attitudes

WHAT TO BRING WITH YOU ?

- comfortable clothes and shoes for outdoor activities. We plan to visit the National Park. Take into account the autumn weather in the mountains.
- at least one laptop per group
- personal hygiene items and your own towel
- traditional food, drinks and souvenirs that can be presented at the Polish intercultural evening. Additionally, it is worth preparing some interesting presentations on the traditions of your country, including songs and dances.
- bring your own reusable water bottle to refill it.

TASK TO PREPARE BEFORE THE PROJECT

1. Workshop session- each national team will have 1,5h-3h time to facilitate a workshop session due to a topic of our youth exchange.
 2. Intercultural evening. Each country will have „an evening” to organize an event for all the group which will present a culture of your country.
- Optionally you can bring with you snacks for small tasting. We can cook in a venue of the project. Form and timing of your event is flexible and not fixed

TASK AFTER THE PROJECT

You have to fill online Mobility Tool final report evaluation survey (for group leaders) . you have to organize in your country one informative workshop about the project for minimum 5 people, send a resume and photo presenting it. It should be done in the next 30 days after the youth exchange.

Place of the project :
Zakopane near Biely Dunajec and biggest attraction
Tatra Mountains
